Pioneering Futures Since 1898

To Whom it may concern

The School of Education and Communities at the University of East London is underpinned by a strong underpinning ethos in all programmes that congress around themes of Education, Transformational Change, Community Leadership, Social Justice, and Advocacy.

We recognise the values we share with WeCanAccess, a platform where people with disabilities, their families and carers can find support, share ideas and discover ways to access the world around them, and endorse the work they are doing in providing support, information, and advocacy.

We look forward to developing our relationship with them in the future.

Kind regards,

Richard Harty
Dean of School
School of Education and Communities
University of East London
